

# 8 THINGS TO NOT FORGET AT YOUR WEDDING

be authentik.

## 1- EMERGENCY KIT

Pills, bandages, deodorants, blankets, everything you'll need to handle small crisis during that wonderful day.

## BAD WEATHER.

Even if a snowy wedding can be magic, Be sure to have a contingency plan if that turns into a snow storm or rain. Umbrellas, blankets, heater won't be too much if your ceremony is outside.

## GOLDEN HOUR

The sunset is the moment you don't want to miss for pictures and videos out of this world. Be sure to know when it is and arrange your planning to have at least 30min four you with your photographer and filmmaker.

## BEAUTY KIT

As you know you already know you are going to pass trough all type of emotions that day. So a small beauty kit with only the essential to make you shine again after your vows a or your first look can be really helpful.

## TIPS AND TRICKS

There are some apps to help you schedule the position of the sun during your day, that can be really helpful while determining where the ceremony is going to take place. That can avoid you to be against the light and make your photos pop.

## SNEAKERS

You are going to be standing the most part of the day and dancing all night. Do yourself a favor, bring a pair of comfy shoes you'll use during the night to able to dance and have fun with your guests.

## OVERTIME

If your agreements with the vendors doesn't include unlimited coverage be sure you know how much charge each vendor for overtime and prepare a budget for that. It will take a lot of stress away. .

## REVIEWS

Lot of vendors are going to put their efforts together to make your day the most perfect. Some kind words on their social medial could be one of the best way you can show them your love and satisfaction. It's often more valuable than tips for them.

## ENJOY YOUR DAY

You've prepared for so long that day, so please take the time to enjoy it. Choose a person who will be responsible of some of the things we've talked about above. Wedding planners and wedding coordinator can be really helpful for this .
